

NJFCC Meetup Group Information & Instructions

At our 2019 Annual Meeting, the leadership of the NJFCC voted to create a Meetup Group for use in advertising events—for both the Federation and our member clubs.

To join, you must be a member of Meetup.com. It's free to join and can open a door to an incredible amount of photographic adventures. While there are other types of meetups, we're only focusing on the Photographic ones.

Once you've joined Meetup, you can search for our group by clicking in the search bar and typing NJFCC then hitting Enter. The event(s) scheduled will show up in the search results.

You can join the group both as an individual and as a club. The leadership of your club should sign up for the club, but you need to sign up individually.

After signing up, you will be notified when an event is planned—you can choose to attend or not, but, if you plan to attend, you should indicate your intention in the proper place.

BENEFIT FOR CLUBS: NJFCC Member Clubs can advertise their events, outings and meetings. Only events where non-club members are welcome should be advertised on the Federation's meetup group. There are 2 methods to do this:

1. Post your meetup in the Discussions tab. Include: name of the event, sponsoring club, date and time, details such as what activity will take place, equipment needed, what we can expect to find, parking, street address of the site, restrictions on the number of attendees. The Admins will pull this information to post a new meetup event, but please send them a note to let them know when you've posted a new one.
2. OR, you can put all the above information in a flyer or email and send to Eric Mayr and Ellen Stein (ericmayr@concentric.net & cmccwebsite@gmail.com)

PLEASE NOTE: There is a 4 week lead time for posting information—the administrators need time to get this done.

If you have problems or questions, please contact Eric Mayr (ericmayr@concentric.net).
