

THE CABLE RELEASE

Volume 56, No. 1

August 2008

Organized for the mutual advancement and enjoyment of photography .

WELCOME BACK

Welcome back to NJFCC's new operating year 2008-09. If you check out our web site at www.njfcc.org, you'll be seeing lots of changes in the sites of our member clubs, the schedule for Federation-sponsored competitions, and a host of other things of interest to photographers. We hope you had a great summer; we hoping this year will be greater than last.

We're renewing our request - we always looking to inform our member clubs of the successful things your club accomplished. And, if you have short articles ["How-To's, Places to Visit, etc.,] we'd like to include them in this newsletter. Send them to jsandstedt@comcast.net. Images accompanying your articles should be included as JPEGs, no larger than 4X6 at 72 or 96 ppi.

We've included the results of the 2007-08 TOPS of NJ Print Competition. This was the last print event to be chaired by Sue Candelaria - Thanks Sue!

We are pleased to advise everyone that our new Print Chair will be Stacey Lindlay of HUB Camera Club.

Please note the Competition Schedule elsewhere on this page. President Dave Mills and Stacey will be working to finalize the dates for this year's Print Competitions, which will be published in this newsletter as soon as possible.

WHAT'S HAPPENIN' AT NJFCC MEMBER CLUBS

We checked the web sites of a number of our member clubs and confirmed that many haven't finalized their schedules for the new year. As such, we've not attempted to provide anything for September Happenings.

For those folks responsible for their club's schedule [calendar,] it would be helpful if you could e-mail me a listing, preferably in Word or Excel. It's easier to "cut-and-paste" from this type of listing . . .

Thanks.

The new Nikon D300 vs. Compromise.

The incomparable Nikon D300™, the only digital SLR in its class combining fast, accurate 51-point auto-focus, a 12.3 megapixel DX-Format CMOS sensor, an advanced dust reduction system and tempered glass to protect the LCD monitor. And that's just the beginning.

The more you know about the Nikon D300, the less you'll want any other digital SLR.

Find out more at nikonusa.com/D300.
